SHOES FOR ONE DOLLAR

We have a big lot of Ladies' Dongola Kid Shoes which have retailed regularly at \$2 and \$2.75, and they were worth the money for they are all solid. The sizes run from 2 1/2 to 7. They are mostly small sizes and therefore most of them suited to the ladies of Decatur. We will sell these shoes absolutely without any reserve until five hundred pairs are sold at the uniform price of ONE DOLLAR PER PAIR. Come while you can get them. In stringent times make your money buy more. Here is an opportunity in Ladies' Shoes such as you never before heard of. Come and see them and we know that you will buy.

A farmer, who stated that he had been farming in this state for 23 years, this morning remarked that in all these years he had never known the land to be so dry as it is now, and lays it all to the large amount of tilling that has been going on.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

The College Open.

The Brown Business College in Library Block opened to-day under the most favorable circumstances with E. P. Irving, the principal, in charge. The total enrollment this forenoon was sixty, a third larger than ever before in the history of the college at the beginning of the fall term. Everything is promising for a very successful year. Miss Jennie Patton is the new teacher in the shorthand department.

A KNOCK-DOWN.

Ex-Officer Geo. Lowe and **Charles Schwartz** came to blows.

Officer George Lowe, who was recently suspended from service pending a searching investigation by Marshal Lehman and a council committee, got into a difficulty on North Water street last night with Charles Schwartz, which ended in a fight in which Lowe got the worst of it. Lowe was knocked down, and his injuries were such a character that he had to be borne into a saloon, where Dr. Reaney laid out on the scalp wound. Later Lowe was taken to his home, where Officer Hewes and Mothershead came to see him. Lowe seems to be having a hard run of luck just now. The quarrel grew out of an arrest he made while he was in good standing. Now there will be fresh evidence against him to be given by Schwartz and others. W. H. Bailey is on duty as a special officer, patrolling Lowe's old beat.

BAD NEWS FROM MISSOURI.

A Sister of S. D. Dill Burnt while Operating a Gasoline Stove.

This morning Mr. S. D. Dill, who resides in the East Park Boulevard addition, received a copy of a Quincy paper containing this telegram:

KIRKSVILLE, Mo., Sept. 3.—Yesterday morning Mrs. Solder and daughter Jennie, while engaged in boiling a wash boiler of water they poured in a small quantity of gasoline to make the clothes wash easier. The water boiled over on to the stove forcing the gasoline out upon the stove, and producing a blaze which caught Miss Jennie and her mother. The daughter was so badly burned that when Dr. Martin arrived the girl was beyond human aid. Miss Jennie died at 12:30 p. m. There are some slight hopes of Mrs. Solder recovering. Mr. Solder, who was in St. Louis, arrived home last night, having been telegraphed for.

Mrs. Solder, whose age is 40 years, is a sister of Mr. Dill, and Jennie, aged 17, was his niece. Mr. Dill left for Kirksville this forenoon to attend the funeral.

STORY OF THE LOVED AND LOST.

Fred Johnson, a Young Man of DeWitt County, Bore a Thirty-Eight Calibre Hole in His Head.

Fred Johnson, 20 years old, committed suicide in the carriage house at his father's home, one mile south of Clinton yesterday, by boring a hole through his head with a thirty-eight calibre. He did farm work in summer, taught school in winter and was to have begun the fall term at a country school near Weldon yesterday morning. He graduated from the Clinton high school three years ago and was a model young man, and the only cause that can be assigned is the old story of love and lost. He was driving with his girl Sunday.

RAILWAY FATALITY.

(SPECIAL TO THE REPUBLICAN.)
CHICAGO, Sept. 5.—A Big Four freight train crashed into the Indianapolis Express at Batesville, Ind., this morning. Eight or ten persons are reported killed and twenty wounded.

How He Explains It.

The following item appeared in yesterday's Champaign Gazette and is of some interest to local buyers: "Art Nicolai returned yesterday evening from Decatur, where he went to attend the horse races in progress there. He does not think as much of Decatur as he did before he went. There was only one race on the program that he could get into. A few minutes before the race was started he went to get his wheel and found that the tire had been punctured. This, of course, was done to keep him out and it was unnecessary, because he did not have time to get another wheel. Winning would have been an easy thing for him had he been able to go in the race." Investigation proves that Mr. Nicolai's tire was not punctured as he represents to his friends at home, but that he tried to play the baby act throughout the day he was here. He was given the same show as the other boys, but did not send his entire to the mile today until the last moment, and that when he went to get his wheel it was found that one of the valves leaked, and was not punctured, as he reported on the track. The race was started and Mr. Nicolai, of his own fault, was not in the race. He then tried to get into the Handicap, but was unsuccessful. The officials offered to allow him to enter if the other racers did not object, but as he had the same show as get his entry in on time as the others had done they refused to let him enter. Now Mr. Nicolai goes home, and to explain why he did not win all the prizes offered here, he states that his tire was punctured by the boys to keep him from winning the race. Mr. Nicolai, while he may be able to rule a wheel surely acted unmanly toward the officials here. He had better have a good reason for the hole in his wheel, and keep him from getting into the street cars when it is a state Decatur again.

Love at the Poor Farm.

In these days of "divine stringency" cupid continues to shoot his shafts piercing the tender hearts of all classes of people. Even at the Mason county poor farm he is at work and in all probability if the present of Overseer Holman and other officials can be obtained there will soon be a wedding in high life. The hopeful and expectant groom is August Klepp, aged 33, who is booked as a "paralytic and cranky"; and the willing lady is Jennie Hedding with a baby, booked as "crazy." August is completely gone to Jennie and he is cranky jealous of any courtesy or attention paid to her by any other man on the place. Yesterday August almost begged Steward Cochran to get him a license to marry Jennie, who it is said is willing to accept the impatient lover. But there is serious objection to the match, owing to August's mental condition and the Democratic party of his finances, and there is no likely to be a wedding unless the two should take it into their heads to slope.

Death of a Veteran.

Joseph Ward, aged 69 years, died to-day at the home of his daughter, Mrs. Immo Runyan, on West Eldorado street. Mr. Ward was a member of Co. A, 149th Illinois regiment, and served one year. He had lived a few months he would have obtained a large back pension through the agency of M. Shea. All of the required proof was in.

Possible Change.

Mr. J. E. Long, of the Hotel Long, last evening served his last meal to the general public on the hotel plan. Possibly there will be a change in the management before the week is out. Several parties are figuring on taking the hotel and continuing the business. A definite understanding will be reached by Friday or Saturday.

Heavy Loss at a Coal Mine.

At 10:30 o'clock last night a fire originated in the coal chutes of the Alton road near the Union depot at Bloomington and in less than an hour destroyed the entire upper works of the McLean County Coal company's mine, including the huge coal breaker and screens and all the hoisting machinery, only the boiler and engine room escaping. The loss is fully \$100,000. Fully 600 men are thrown out of employment. The trains on the Alton were unable to pass the fire for some time. Vice-President Stevenson is the president of the company operating the mine. A great deal of adjacent property was endangered. Owing to the fact that it was Labor Day, very few men were in the mine, but had they all been there no apprehension would have been felt for their safety, as there is a safety exit.
